- The Academic Enhancement and Leadership Development Centre (ADEC) is a Centre of Responsibility or Pusat Tanggungjawab (PTj) under the portfolio of the Deputy Vice-Chancellor (Academic & International), Universiti Malaya.
- ADEC's core responsibility is to design and conduct professional development programs for UM's academic staff.
- ADEC's rebranding reflects the centre's then expanded role, from solely providing training on teaching and learning (T&L) towards nurturing future renowned and highly competent academic leaders in T&L, research and supervision.

- Accordingly ADeC also manages and facilitates a range of academic enhancement activities including e-learning and learning spaces development. ADeC is thus a rather unique centre as its role extends beyond the traditional function of a T&L centre.
- In late 2021, under the major restructuring in UM's portfolios, ADEC was renamed to Academic Development and Enhancement Centre.
